Why we do what we do

- The children we serve are either orphans or at-risk children. This may be due to parents that are addicted to drugs, non-existent, or too young to take of these children.
- Most of these children are forced to work in the fields at a very young age.
- Consistent abuse and inhumane treatment is the “norm” for these children.
- Young girls forced to work in the camps are often raped; leaving them with children they can’t support.

There are so many other situations that we could list, it is truly heartbreaking. Most importantly, the Lord led us to this area several years ago to do humanitarian work for homes, churches, etc. It wasn’t long before we were asked to build an orphanage by the community; thus beginning what would become our life-long vision.

Our Goal

To provide a home for the children with a safe, family-type environment where they can experience the love of God. Each of our homes houses up to twelve children. In each home there are live-in house parents, and an auntie who is responsible for helping with the home operations and caring for the children. Our goal is to build ten homes on our grounds in Uruapan, Mexico.

QUESTIONS & ANSWERS

Since the children in our program have experienced immense family loss and abuse, it is very important for them to know that you love and care about their daily lives. It will be such a positive influence on your child to hear you express your belief and faith in Jesus; as well as the fact that he or she is included in your prayers!

Christmas becomes especially treasured if your child receives a gift directly from you. If you are not able to do the shopping, our house parents will be more than happy to select and purchase your gift. Your child will then receive your gift in your name on Christmas day.

2. CAN I VISIT MY CHILD AT THE ORPHANAGE?

Absolutely! This is one of the unique parts of our ministry. You can schedule your own visit anytime during the year with one of our staff. We can also coordinate your visit with a staff or missions team group during a time we have pre-scheduled for the year.

3. HOW MUCH DOES A SPONSORSHIP COST?

\$30 per month will help sponsor one child to live in one of our homes. Your sponsored child will be provided with a bedroom, three cooked meals a day, clothing, schooling, medical services, and an opportunity to hear the Gospel of Jesus on a daily basis. Sponsorship funds are pooled and used to help the individual and group needs of all the children in our program. This also includes children awaiting sponsorship.

You can pay for your sponsorship(s) on a monthly basis using this form, or online at www.missions-network.org. Quarterly or annual payments are available as well. You will be given tax-deductible receipts for your support.

There are many children waiting to be rescued from the streets. Will you respond to their needs today?

Say “yes” to Augustine and change

Augustine is our youngest at 18 months old. This little guy came with his brother and sister, (Vicky and Martin) after his Mom past on during child birth. It has been quite an adjustment for the three of these children to come to their new home after this terrible situation, but they are doing very well. Caring for the emotional needs with God’s love and nurturing can change a life, and it is evident in these wonderful children. Please pray for them.

Augustine needs your support, so please pray about how you can help. Want to come visit him? Read on and see how you can financially support him and physically be a part of her life as well!

1. WILL I BE ABLE TO COMMUNICATE WITH AUGUSTINE?

Of course! You will receive written communication from your sponsored child through our office. Your child is always anxious to write you a letter or draw you a picture, and is equally excited to receive communications from you. We encourage you to write as often as you are able and include photographs of you and your family members. Have your kids send them drawings too, they love that!
